

**EXPERIENCED MINE GEOLOGIST
PERMANENT POSITION – KANMANTOO**

**Production role within 60km of Adelaide
Startup mine project
Great team environment
Competitive & negotiable package**

REQUIREMENTS

- **5+ years as an open-cut mine geologist**
- **Bachelor of Science (Geology)**
- **Demonstrated leadership in promoting a safe work environment**
- **Computer skills including Surpac and MS Access would be highly regarded**
- **Ability to think laterally and constructively and work unsupervised**
- **Strong written and verbal communication skills**

ROLE

Hillgrove Resources is an Australian resources company listed on the Australian Stock Exchange and focused on developing its South Australian base and precious metals projects.

Hillgrove's key asset is the Kanmantoo Copper Project in the Adelaide Hills, located less than 60km from Adelaide. Development of the mine and 2Mtpa process plant is planned to commence this year.

We are seeking the services of a mine geologist. Duties will include setup and implementation of procedures at the Kanmantoo Copper Mine including grade control drilling, resource modelling and production reconciliation.

If you have all the listed skills for this role, send a covering letter and curriculum vitae, or for more information, email with 'Mine Geologist' in the subject line to recruitment@hillgroveresources.com.au.

**Only people with the right to work in
Australia may apply for this position**
