HILLGROVE UNMARKETABLE PARCEL SALE FACILITY CONCLUDED

Hillgrove Resources Limited (ASX:HGO) is pleased to announce the Hillgrove Unmarketable Parcel Sale Facility (*Sale Facility*) process drew to a close yesterday. The Sale Facility, announced on 9 October 2014, offered the opportunity to eligible Hillgrove shareholders with a holding of less than \$500 to sell their Hillgrove shares without brokerage costs. As a result, Hillgrove will reduce the on-going administrative costs of managing the additional number of shareholdings.

Some 1,250 shareholders had their shareholdings sold through the Sale Facility, bringing the total number of Hillgrove's shareholders below 5,000 in total. Holding statements were mailed following the close of the retention period on 25 November 2014, and payments were finalised with details mailed to participating shareholders by Boardroom Limited yesterday.

Mr Greg Hall, CEO and Managing Director said "Hillgrove will continue to implement capital management programs that assist with reducing overall administrative costs and improve the potential for the value of the company to be recognised through its share price. We anticipate that over time the capital management initiatives will provide a solid foundation for the future of the company."

ABOUT HILLGROVE

Hillgrove is an Australian mining company listed on the Australian Securities Exchange (ASX: HGO) focused on the operation of the Kanmantoo Copper Mine in South Australia, and with exploration projects on its Indonesian tenements. The Kanmantoo Copper Mine is located less than 55km from Adelaide in South Australia. With construction completed in late 2011, Kanmantoo is an open-cut mine with a throughput of 3.0Mtpa, to produce approximately 100,000 dry metric tonnes of copper concentrate per annum.
