## HILLGROVE EXECUTES ADDITIONAL WAIVER

Hillgrove Resources Limited (ASX: HGO) advised at the end of March it was continuing discussions with its financiers regarding a debt restructure to align with projected cash flows in its new life of mine plan. The debt restructure and refinancing documentation work are well advanced and nearing completion. Accordingly, Hillgrove wishes to advise that an additional waiver from existing financiers, Macquarie Bank Limited and Barclays Bank PLC, is now in place.

The Hillgrove Board and management are confident the new financing arrangements will be completed in due course, and upon completion will announce these details to the market.

### ABOUT HILLGROVE

Hillgrove is an Australian mining company listed on the Australian Securities Exchange (ASX: HGO) focused on the operation of the Kanmantoo Copper Mine in South Australia, and with exploration projects on its Indonesian tenements. The Kanmantoo Copper Mine is located less than 55km from Adelaide in South Australia. With construction completed in late 2011, Kanmantoo is an open-cut mine with a throughput of 3.0Mt p.a., to produce approximately 100,000 dry metric tonnes of copper concentrate per annum, containing approximately 20,000t copper and associated gold and silver per annum over the current life of mine.
