## HILLGROVE ANNOUNCES REFINANCING OF DEBT FACILITIES AND EQUITY RAISING

Hillgrove Resources Limited (ABN 73 004 297 116) (ASX: HGO) (“Hillgrove” or the “Company”) today announces the Company has finalised the refinancing of its debt facilities and the launch of a fully underwritten non-renounceable rights issue. The debt finance facilities comprise a US\$14 million Pre-Export Facility loan (plus up to a further US\$6 million subject to conditions), deferral and extension of price participation obligations, A\$20 million performance bond facility, and associated commodity hedging facilities for the Kanmantoo operation. Hillgrove is also undertaking a fully underwritten pro-rata non-renounceable rights issue to raise approximately A\$10 million (“Equity Raising”). The package will provide amortisation of debt repayments to align with the most recent Life of Mine (LOM) plan and additional equity will provide the ability to accelerate the exploration program of nearby targets in order to extend the mine life.

### Business update and proposed use of proceeds

Hillgrove has secured a Pre-Export Facility of US\$14 million (plus up to a further US\$6 million subject to conditions) with Ventures Australia LLC, a subsidiary of Freepoint Commodities LLC, and a deferral and extension of the existing price participation obligations with Freepoint Metals & Concentrates LLC (“Freepoint”), who have had a long standing relationship with Hillgrove since providing early seed capital for the Kanmantoo project together with a LOM Offtake Agreement. In addition, Macquarie Bank Limited (“Macquarie”) will provide a A\$20 million Performance Bond Facility, primarily for the environmental bonds required to support the Kanmantoo project.
